- We may update these Terms from time to time. Continued use of the App after a change is posted means you accept the updated version.

3. Nature of Services and Scope

- Connecting Hearts is a platform that enables consenting adults to create profiles, search profiles, send or receive interest, exchange messages, and explore lawful matrimonial alliances.
- We act as a technology platform and intermediary. We do not represent either side of a match, do not broker marriages, and do not guarantee any relationship, meeting, response, engagement, or marriage.
- Profiles, messages, photos, and other User Content are created by Users. We may review, moderate, hide, suspend, remove, or restrict content where we reasonably believe it violates these Terms, applicable law, safety standards, or platform integrity.
- The Services are intended for personal use only and are not meant for commercial matchmaking, data scraping, lead generation, advertising, or any competing business use.

4. Eligibility

- You must be legally competent to enter into a contract and legally eligible to marry under applicable law.
- As a general rule, the platform is intended for adults who are at least 18 years of age and otherwise legally eligible to marry. For practical purposes, the platform expects women to be at least 18 years old and men to be at least 21 years old, or such other minimum age as may be required by applicable law. In any case, you must satisfy the minimum marriageable age applicable to you under personal law and local law.
- If you are creating a profile on behalf of another person, you must have their full knowledge and consent and must be authorized to act for them.
- If you reside outside India, you represent that you are legally competent to marry under the law applicable in your country of residence and that you will comply with any Indian law applicable to your matrimonial process.
- You may not use the Services if you are prohibited from doing so under any law, court order, or government restriction.

5. Registration and Account Creation

- You agree to provide true, accurate, current, and complete information during registration and thereafter keep your profile updated.
- You must provide a valid mobile number and email address. We may use OTP, email verification, or other methods to confirm your account.
- You shall not create duplicate, fake, misleading, impersonated, or dormant profiles for the same person.
- You must not place contact details, social media handles, bank details, website links, or irrelevant text in fields not meant for them.
- If any information you provide is false, misleading, incomplete, fraudulent, or unlawful, we may suspend, disable, restrict, or terminate your account without notice.
- If you choose to upload photographs, they should be genuine, recent, and representative of you. Misleading, AI-manipulated, copied, or stolen photographs may be removed.

6. Account Security

- You are solely responsible for keeping your login credentials, OTPs, passwords, and device access secure.
- You must not share your password, OTP, or account access with any third party except a person lawfully acting on your behalf with your consent.
- You are responsible for all actions taken from your account, whether or not you personally performed them, unless misuse results solely from our proven technical fault.
- You must notify us immediately if you suspect unauthorized access, account takeover, or misuse of your account.

7. Profile Content, Consent, and Visibility Controls

- You are responsible for all information you publish on your profile, including age, marital status, education, occupation, religion, location, family details, and preferences.
- You should only upload photographs and information that you are willing to share with other Users in accordance with your privacy settings.
- Where the App provides hide photo, hide contact details, or similar visibility controls, those controls are intended to limit in-app visibility only. They do not guarantee that another User will never copy, screenshot, photograph, forward, or otherwise misuse visible information.

- You should choose your visibility settings carefully and understand that any content you make visible to others may be retained by them outside the App.
- We may ask for additional information or verification from time to time to improve safety, reduce fraud, or comply with law.

8. Messaging, Chat, and Communication Features

- The in-app Messenger is provided only as a convenience for Users seeking lawful matrimonial communication.
- You are responsible for the content of your messages and for deciding what to share.
- You must not use the Messenger for abuse, harassment, blackmail, stalking, threats, extortion, fraud, spam, solicitation, or unlawful activity.
- You must not use the Messenger to promote other matrimonial services, external businesses, referral schemes, or unrelated commercial offerings.
- We may monitor, flag, review, or retain message metadata and message content where necessary for safety, abuse prevention, complaint handling, legal compliance, or enforcement of these Terms.
- We do not guarantee that messages will be delivered instantly, read, preserved forever, or remain private from lawful access, device compromise, or User misuse.

9. Profile Search, Shortlist, Interest, and Match Features

- Search results, suggested profiles, recommendations, and match outputs are generated based on the information available in your profile, your preferences, and system logic.
- Results may change if you change your partner preference, location, age range, filters, visibility settings, or account status.
- A profile appearing in search or recommendation does not mean we have verified that person or endorsed them.
- You are solely responsible for reviewing profiles and taking independent decisions before sharing contact information or meeting anyone.

10. Eligibility for Matrimonial Use Only

- You represent that your registration is made with a bona fide intention of entering into a lawful matrimonial alliance.
- You may not use the App for casual dating, escorting, paid companionship, exploitation, fraudulent solicitation, resale of contacts, or any purpose unrelated to marriage.
- You must not use the App to recruit for jobs, investments, property deals, loans, activism, donation collection, or any other unrelated activity unless we expressly permit such use in writing.

- Running any form of commercial operation or competing matchmaking activity using our platform or data.

13. Photographs, Identity, and Verification

- We may request identity or profile verification documents to reduce fraud, impersonation, or duplicate accounts.
- A request for verification does not mean we guarantee that every profile is fully verified or that all submitted information is true.
- We may remove or restrict content that appears manipulated, misleading, unlawful, or likely to create safety risks.
- Where health, marital status, or family background information is shared, you are responsible for the accuracy of the information you provide.

- We may change prices, plan structures, or benefits prospectively by updating the App or Website.
- Taxes, gateway fees, and other charges may be added where applicable.
- Refunds, if any, will be governed by the refund policy shown at the time of purchase and applicable law. Unless a specific plan states otherwise or law requires it, payments are generally non-refundable once a service is activated or digital access is granted.

17. Communication Consent and Notifications

- By using the Services, you consent to receive transactional, operational, security, support, and promotional communications by email, SMS, WhatsApp, push notification, in-app notification, or phone call, subject to applicable law and your device settings.

19. Confidentiality of Feedback and Suggestions

- Any feedback, suggestion, review, idea, or recommendation you send to us may be treated as non-confidential unless we agree otherwise in writing.

20. Content Removal, Moderation, and Enforcement

- We may remove, hide, edit, restrict, suspend, or delete any profile, message, photo, comment, or other content at our discretion where we believe it is unlawful, unsafe, misleading, offensive, abusive, spammy, duplicate, fraudulent, or otherwise inconsistent with these Terms.
